Most of us spent the majority of our younger years learning "the 3 Rs": reading, writing, and arithmetic (Doesn't that say that something is inherently wrong with our educational system, when 2 of the "3 Rs" don't start with "R"? ☺)...and science and literature and etc. Don't you wish you could remember most of it? Our inability to recall information learned 20, 30, 40+ years ago proves the old adage: "use it, or lose it."

This morning we begin a series of lessons on the most basic of biblical principles. For many of us, this will be "old hat." But it's important that we from time to time refresh our memories. Who knows: we might learn something new. And for some, this will be needed information. I think we'll all find blessing.

Are you attending a group meeting? This past Sunday we had **90** in seven different groups. WOW! If you've not joined, look inside this bulletin for group times and locations and choose one. You'll be blessed.

GOOD MORNING AND WELCOME!

A special good morning to our visitors. We are glad that you came to worship with us today. Our worship assembly is the highlight of our week. We assemble to give praises to God and to encourage each other with songs of praise and words of comfort.

We would like to have a record of your visit. Please fill out a blue attendance card and place it in the collection plate when it is passed.
